OREGON

VOLUME 2 ISSUE 4
WINTER 1971-1972

END of TRAIL

RESEARCHERS
MEMBERSHIP— in the End of Trail Researchers is open to all upon payment of five (5) dollars per year, six (6) dollars for a couple. Our calendar year begins March 1 and anyone joining later in the year will be entitled to all issues of "Oregon" issued in the year he or she joins. Seven-generation charts of the membership will be printed each issue. QUERIES are free to everyone, please follow directions on Lost Trail page. "Oregon" is published in APRIL, JULY, OCTOBER and JANUARY.

EXCHANGES— We will exchange quarterlies and advertisements with other Genealogical, Historical, Patriotic and Family bulletins.

POLICY— We print Oregon material ONLY (except for the membership seven-generation charts) and it is printed so you can 'lift' each of the series and place in separate folders for quicker reference, therefore the page numbers are run consecutively from bulletin to bulletin.

For Members ONLY we have covers printed with the covered wagon and the word "Oregon" for the various series we are running. The space on the back of the wagon is blank so title and author may be written in. These, including a back cover, may be picked up FREE at a meeting, or for 25 cents a piece by mail.

BOOKS FOR SALE by End of Trail Researchers

"Oregon Territory - 1850 Census" Over 300 pages in order of enumeration, plus index, offset print. We printed only 100 copies of these for sale. $10.00 postpaid.

"County Boundary Change Maps - Oregon 1843-1916" There are 25 maps showing the formation of Oregon counties and boundary changes thereafter and one map of Oregon today with its 36 counties and county seats. $2.50 postpaid.
Here it is the last bulletin of this year 1971-72 for End of Trail Researchers. We promised to have at least 50 pages of material each issue. Most of our issues have ran over this and with the closing of this we had paper and funds left over, so decided to print a double issue this time. This is our way of saying thanks to all of our subscribers.

Many of the people who copy records for "OREGON" fit this in around their families, jobs, and other activities. So please don't be disappointed if your county records don't appear each issue. As soon as enough material comes in to print two pages it will appear in the next issue.

The OREGON STATE ARCHIVES has given us permission to reprint their W. P. A. INVENTORY 7, PUBLICATION NO. 9 PART I. This is a inventory of the Work Project Administration, Oregon Federal Writers' Project sponsored by the Oregon State library. (The rest of the counties not on this list are held by the University of Oregon at Eugene.) The remaining pages will be printed in the next issue.

David Duniway told me there are many more indexes to the material they have that we can print. While in the State Archives yesterday I notice several shelves of old books, so I looked over a few of them. Some were Tax Assessments for several counties covering quite a few years. We will print some of these.

Well I guess LOST TRAILS really got lost, as we did not receive enough QUERIES to print the 2 pages. So come on members and readers and get those QUERIES in, for the next issue.

We have a new feature starting in this issue called TRAIL TALK. It seemed we had material that didn't come under the Letter Page or Queries. After reading this page and you think you have something to add to it, please let us know. We have tried to put in several examples.

Last October, three of the members of Researchers went to Prinville and had a meeting at the home of Mrs. Frank Tracy one of our Eastern Oregon members. genealogist came in from Redmond, Madras, and surrounding areas. A very enjoyable meeting was had by all. Some hardly came up for air, while going through the box of old books. Plans are being made to hold several meeting at different locations in Eastern Oregon this summer.

WHAT IS IN A NAME

Several years ago while reading a census record I ran across the name Ousthous-Oasthous-Casthaus-Ousthaus and several other spellings. I thought to myself the poor census taker was having a time with the name, but with the change of census taker in another district, he simply wrote it one way OUTHOUSE.
Salem Oregon now has a Branch Library of Latter Day Saints of Salt Lake Library. It is located at 4550 Lone Oak Rd. S. Salem Oregon.

Pietrok Cemetery

This cemetery is on the property of Lee Brown who resides in Stayton, Oregon. This property is located about 5 miles west of Lyons in Linn County, just north of the Kingston-Lyons black-top road. The cemetery may be found on a fairly high hill overlooking the North Santiam River in a grove of trees. It is completely uncared for and the few stones found were some lying on the ground and some broken. We, Harley and Helen Haskin, visited this spot on May 30, 1968, having quite some difficulty locating it about a half mile from the road. Note the birth date of one Limar Conklin Cusick, born Nov. 9, 1771, who died at the age of 93 years, making his year of death 1864. No doubt there are many graves in this cemetery which are lost.

To announce the spring meeting (will be a workshop)

April 29, 1972, 10 A. M. to 4 P. M.

Northwest Christian College’s Library at 10th and Kincad, Eugene Oregon

We are going to have all day workshop to get CHECKLIST into a better format so it can be printed or placed on a central car file. Last meeting a semi-checklist was made of the material and surprising what records were being duplicated in the group that attended. What we need is a bigger representation from all the groups here in Oregon. If you are interested in attending please drop a card to our Secretary (name and address below) and be placed on our mailing list. A notice will be sent out before the meeting, as sometimes due to conflict of meeting at Northwest Christian College, we have to change dates. Some of us are in hopes a State wide convention can be worked out. It the feeling if all of who work with public records, Genealogist, Historians, Librarians get together in a mutual effort, and get to know and respect each other.
