MEMBERSHIP-- in the End of Trail Researchers is open to all upon payment of five (5) dollars per year, six (6) dollars for a couple. Our calendar year begins March 1 and anyone joining later in the year will be entitled to all issues of "Oregon" issued in the year he or she joins. Seven-generation charts of the membership will be printed each issue. QUERIES are free to everyone, please follow directions on Lost Trail page. "Oregon" is published in APRIL, JULY, OCTOBER and JANUARY.

EXCHANGES-- We will exchange quarterlies and advertisements with other Genealogical, Historical, Patriotical and Family bulletins.

POLICY-- We print Oregon material ONLY (except for the membership seven-generation charts) and it is printed so you can 'lift' each of the series and place in separate folders for quicker reference, therefore the page numbers are run consecutively from bulletin to bulletin.

BOOKS FOR SALE by End of Trail Researchers

"Oregon Territory - 1850 Census" Over 300 pages in order of enumeration, plus index, offset print. We printed only 100 copies of these for sale. $10.00 postpaid.

"County Boundary Change Maps - Oregon 1843-1916" There are 25 maps showing the formation of Oregon counties and boundary changes thereafter and one map of Oregon today with its 36 counties and county seats. $2.50 postpaid.

"Washington County Oregon - 1860 Census" 30 pages in order of enumeration, fully indexed, offset print. We printed only 100 copies of these for sale. $5.00 postpaid.
We are starting our fourth year of publication and have received some nice comments on the material and format of the bulletin. We also have received suggestions on ways to improve, or different types of material they would like to see printed. Some of the suggestions we have tried and some we feel is not for the bulletin. A few example is - the facsimile of old documents - some background material like "When Doug was Umpqua County" - And in the last bulletin and this one we have arranged all the material alphabetical by counties to see if it makes it easier to find. We want to thank everyone for their suggestion.

We also wish to thank all those researchers who have copied and donated material for the bulletin. I don't think everyone realizes how much time these people have spent in copying this material, unless they have done this type of thing themselves.

A little about END OF TRAIL RESEARCHERS - We are a group of genealogists who wanted to see a publication strictly Oregon records. As we felt when ordering a bulletin in a certain state in hopes of getting records of this state and finding that the records were from someplace else, was very discouraging. We also set up our society, to be a traveling society, if a small group of genealogists anywhere in the state wishes to have a meeting we will take our exchange bulletin, books to them. We have found this the most rewarding. If these people in these areas want to form into a branch groups of our society and support us through subscription we get more books and this way we each benefit. These groups have their own officers and project and work separately from the other branch groups. Usually they work toward getting books for their local public library.

To our members who have sent in 7 generation charts, and have not been published the ones on hand will be published in the next two bulletins. Also if you want blank forms please drop us a note and we will send them out in the next issue of the bulletin to you or sent a large 9x12 envelope with 2 8¢ stamps.

If in Lebanon gives us a call be happy to talk to anyone interested in Oregon Material
Little of the history of the Roseburg Soldiers Home is known; it was established in 1894 as a state facility and sold to the Federal government in 1933. The records in Oregon State Archives cover only this period. At present it is operated as the U.S. Veterans' Administration Mental Hospital, Roseburg 97470. However, the U.S. Veteran's Administration Domiciliary is now at White City, 97501. You should contact these facilities directly regarding their records since 1933.

The records in the Oregon State Archives are in 5 large volumes (between 1800-1900 names) each man's information is on a separate page. A reduced facsimile is on the reverse side of this sheet. Some of them are filled out enough to be of genealogical value, while others are very sparse. Since the pension certificate number is given, you can write to the National Archives, Washington D.C. 20408 for information from the pension files.

We have alphabetically indexed all five volumes, and as the page numbers run consecutive from volume to volume, we omitted the volume number from the index.

If a copy is desired of any of these records send 50¢ and self-address stamped envelope to

MRS. ERMA LEE BROWN
145 24th Street S.E.
Salem Oregon 97301

Allow at least 2 weeks for delivery, due to other commitments sometimes I don't get to the archives each week.

Also there are some loose papers in the volumes—Letters—about trying to find a long lost relative—disposal of the soldiers property, etc. Newspaper clippings, these will be included.

It is interesting to read the course of study in grades one through ten in the 1904-1905 school year here, as chronicled in the little booklet.

Reading, language, arithmetic, geography, spelling, physiology and hygiene and history was included in all grades. Civil Government was added to these subjects for sixth to eighth grades. The ninth and tenth grades added algebra, geometry, English literature, rhetoric, physical geography, physics and Latin. There was no grade beyond the tenth at the time.

The little booklet gives the enrollment for each grade for that school year, and we enjoyed reading the lists, finding many that we have known through the years.
